Currently the villas 3, 8, 11 and 12 are reserved (in the table of prices are marked in gray). The rest are available. The facade types basically depend on the chosen dwelling. We have type A and B that are already assigned in each plot so once chosen, for type A we have 5 different styles and for B, 3 styles. The types B are larger, can be seen in the configurator. Choosing facade would not have any additional cost as well as many of the distributions we offer
