Property Description

THE VILLAS

This exclusive development, boasting the best views of the golf course, lake, and sea in Fuengirola and Mijas, comprises thirteen individual villas, each offering no fewer than five en-suite bedrooms. These unique luxury villas are considered larger and of higher quality than others available on the Costa del Sol.

Three of the bedrooms are located on the upper floor of the villas, while another is situated next to the living room. There is a large basement area with space for storage or expansion for other purposes such as additional bedrooms, a games room, a gym, a cinema, etc.

Geographically, the thirteen luxury villas are arranged in an arc around one of the golf course greens. This arrangement gives the development some of the best panoramic views on the entire Costa del Sol.

The luxurious open-plan living areas are designed for ease of daily living.

The kitchen, dining room, and living room are connected on one level to provide easy access and open spaces with panoramic views of the golf course and the ocean.

Within the property, the bathrooms and kitchens are equipped exclusively with high-quality products from leading European luxury manufacturers such as Porcelanosa, Daikin, SCHUCO, INNOVA, and others.

A key high-tech feature of the villas at Cerrado Hills is the ability to control many aspects of the property via VTouch Pro.

With just a swipe of your finger, you can control lights, blinds, configure your security system, or manage your HVAC (heating, ventilation, and air conditioning) through our app on your mobile device. Should your device malfunction, or if you simply prefer not to use it, you can control these home functions by directly touching the buttons on the VTouch Pro.

Now you can also enhance your interior design with the elegant VTouch Pro glass touch switches, which offer the advantage of operating through a central controller.

For an even greater sense of true luxury, it's hard to imagine anything cooler than an infinity pool. Each villa features its own heated infinity pool, providing an excellent and ideal area to relax and unwind after a day of golf, shopping, exercise, or any other pleasure enjoyed during the day.
