One of the highlights of this residential complex is its extraordinary terraces. All homes boast spacious outdoor areas of over 23 m², ideal for creating diverse spaces for relaxation, dining, or unwinding outdoors. Ground-floor apartments elevate this experience with impressive terraces and gardens reaching up to 80 m², while penthouses redefine luxury with spectacular outdoor terraces of up to 150 m² and private solariums, designed to enjoy the Costa del Sol s privileged climate in complete privacy.

The architectural design embraces modern and elegant lines, harmoniously integrating with the surroundings. The interiors reflect a contemporary concept where spaciousness, light, and high-quality construction take center stage. Premium materials and finishes have been selected to provide sophistication and durability: large-format porcelain floors, high-performance joinery, fully equipped kitchens with integrated appliances, and contemporary bathrooms with carefully chosen finishes.

Each home has been conceived as a haven of well-being. Open and flowing spaces enhance the feeling of spaciousness, while the terraces act as a natural extension of the living room, inviting you to enjoy the outdoors year-round. All of this is complemented by high standards of energy efficiency and construction solutions focused on thermal and acoustic comfort.
