Property Description

Finds itself ensconced on the western side of Rio Real, just east of Marbella town in a peaceful residential area dominated by gentle olive and pine-clad slopes, beaches, dunes and sea views. This location has the distinction of being highly central and peaceful, thus endowing the private community of villas with the best of both worlds. The choice of modern contemporary styling may follow the latest market trends, but it is also an integral part of the vision behind the project. Is designed to combine a sleek architectural language with a tranquil natural setting surrounded by olive groves. In blending nature and modernity we wish to offer a perfect combination of both, as in the case of a location that is peaceful and secure yet also central and convenient. Modern, stylish interiors, natural light, spacious bedrooms and large terraces are at the heart of the concept. There are a variety of kitchen layouts available which allow you to personalise your living area. Is more than just an idea. The concept is the result of years of accumulated experience in the real estate market; the highs, the lows, the trends. It bridges the gap between apartments and townhouses on the one hand and Marbella's opulent villas on the other. It combines the freedom and lifestyle of a villa with the practicality and cost of a smaller property in a way not achieved before.
