Property Description

The duplex penthouse you dreamed of in front of Playamar may look a lot like this one! It is spacious, bright and diaphanous, with spaces for all family members. The views, you can see that they are cosmopolitan but privileged, surrounded by large buildings that at night make the modern setting facing the sea of Torremolinos magical, right in Playamar! There is no shortage of restaurants, supermarkets, pharmacies, schools, medical centers, leisure areas... of course, we are in the center of a magnificent city but we would live on a very, very high floor, that makes it silent and paradisiacal. The property is made up of two floors... on the first, or main floor, we have the entrance hall that connects with the huge windowed living room, a master bedroom with a built-in wardrobe and an en-suite bathroom, this bedroom also has direct access to the main terrace, a large fully furnished and equipped kitchen, which can be used as a living room for lunch and dinner comfortably... large kitchens are often the center of a family's day-to-day life! Upstairs, we would have a wonderful living room with a very sunny terrace with a barbecue area, two large bedrooms with fitted wardrobes and both with en-suite bathrooms, one with a shower and the other with a bathtub. All rooms have direct access to the terrace. In short, living at this height, with practically panoramic views, is added to the wonderful community of green areas, playgrounds, sports areas and two large swimming pools. The penthouse includes a private parking space.
