Property Description

If I told you that this house is on the corner, and its terrace too, with part glazed and part uncovered, in one of the best areas of Las Lagunas de Mijas, would you believe that it also has a wonderful private underground parking space included in the price? ... That's right, the property has more than 120 m², many of them are terraces, the block has an elevator, there are only 3 floors and it has parking just below... there are bars and shops around... to live it is more than ideal. The 2 bedrooms are large, with windows, and do not need any type of repair, the kitchen is spacious, bright, with a window, fully equipped and although it has been around for a while, it seems that it has not been used! bathrooms are complete, and you can choose to leave a shower or bathtub, there is plenty of space... the apartment is open, without dark corridors, everything is interconnected and comfortable, anyone would easily get used to such a comfortable home... above all, with that divine room with access to the large terrace. It has many drawbacks, but we invite you to check it out in person!
