### Property Description

Collection of villas with elaborate and sustainable architecture, homes that offer a harmonious whole creating practical and respectful homes.

All the villas are independent, which provides the necessary privacy for each family. The exterior and interior spaces are perfectly related, thus allowing you to enjoy life in the open air that you so desire in an area with such an ideal climate as the one we It takes place in El Higuerón, Málaga.

We use organic materials and integrated into Mediterranean architecture, looking for timeless designs. It has a pool in the garden, with a respectful air conditioning system that will lengthen bathing days, up to 4 parking spaces with installation for charging electric vehicles, we will add passive air conditioning systems.

Environmental care and awareness is therefore present in a residential area that hopes to be a benchmark in the area.

Living in these villas will undoubtedly be the best decision you have made for you and your family.

Materials have been used in this unique project top quality and careful design both inside and outside.

These villas are located in El Higuero, its strategic location means that it has excellent communications with both the center of Malaga, Marbella and the rest of the province, since the urbanization has Direct connections to the A7 through exit 217, as well as to Carvajal beach, just 2 minutes away by car.

El Higuero is a highly prestigious and consolidated residential area, so it has all the services that may be needed, both in restaurants, SPA, Gyms, Beach Club, Commercial Areas, supermarkets, pharmacies, as well as leisure.

Prices vary on villa size, plot size, distribution and finishes. From 1.950.000 € to 2.190.000 €. Limited units available
