

Luxury Villa for sale in Marbella

4 Bedrooms | 4 Bathrooms | 476 m² Interior | 95 m² Terraces | **Garage** Yes |

Property Description

Between the sky and the sea, a property perfectly adapted to its surroundings

Villa designed and built for comfort, enjoyment and well-being, embracing the environment at its best. From inception to completion, each villa is unique and personalized to the plot, the orientation and views, offering an excellent quality product that responds to the most demanding taste.

This hidden gem is completely integrated with the mountain plot located in the Monte Mayor Valley, close to Benahavías.

This is one of the most ingenious designs as the villa offers privacy and views through the green valley towards the Mediterranean sea. It is one of the villas in zone K, a section from Monte Mayor which is known for its privacy, pristine nature and unrestricted views.

Each villa meets an absolute standard of excellence in engineering, materials, and craft techniques.

Guided by avant-garde and sustainable design principles, the villa adapts to the natural environment, integrating interior and exterior spaces and involving people with its surroundings. The villa has a limited footprint in the natural environment and features green roofs, solar power and native drought-tolerant gardens.

This green approach improves indoor environmental quality and creates a healthy, low-impact, low-maintenance habitat, without compromising comfort and luxury.
