Property Description

The villa has incredible views of the coast, the Mediterranean Sea, and the mountains. Belonging to an exclusive development of twenty luxury villas in Casablanca, an attractive hilltop neighbourhood of Benalmadena.

This remarkable project has been thoughtfully designed by one of the world's leading property developers, and complements the unique beauty of the landscape like a traditional pueblo blanco or white village. The elegant, contemporary design is perfect for today's modern lifestyle.

Contemporary Architecture

The luxury villas present a sophisticated image, and the chic architectural lines create a bold and impressive exterior. Yet it's a refreshing style designed to enhance the space within each villa. There are expansive walls of floor to ceiling glass doors you can fully open to keep the villa cool and airy

during the heat of a summer's day. They make the villa bright and welcoming by allowing maximum daylight to enter. The staircase is discreetly positioned to avoid it dominating the room and features a stylish, double height window panel or skylight to ensure it's brightly illuminated by the sun. There is also elegant, porcelain flooring flowing seamlessly throughout the rooms. It helps provide a calm and relaxed atmosphere inside each spacious villa.

Open Plan Elegance

The large, open-plan living room is perfect for a busy family life, as there is plenty of space to properly arrange your furniture. This spacious room can easily accommodate a large dining table and more than one comfortable sofa, whilst maintaining a cosy atmosphere at the same time.

A stylish fire pit at one end of the room adds warmth to a chilly evening. The open-plan design includes an elegant and practical kitchen perfect for everyday life, or when you want to entertain your friends. The kitchen includes a compact island unit or breakfast bar, and the cupboards behind it are unobtrusive and neatly designed to blend in with the rest of the living room.

Communal Gym and Leisure Club will be at your disposal.
