Jardin Persa was established in 1992, it consists of 16 buildings, with a total of 84 flats and penthouses. As its name suggests, it is designed to give an arabesque first impression, with touches very close to the gardens of the Alhambra in Granada. It is full of fountains and irrigation channels that generate a continuous and soothing sound of water. The garden leads to Marbella's sea front promenade. It is the only residential complex that is completely enclosed by a fence, which gives the area more privacy.
