Property Description

Located in Los Flamings, with open views to the sea and the mountains, this stunning villa sits on a plot of over 2,000 m². Traditional tiled roofs meet modern interiors, double-height ceilings, and floor-to-ceiling windows that flood the spaces with natural light. Spread across three levels connected by a lift, the layout balances scale, flow and comfort.

The main level connects the living and dining areas to a fully fitted Gaggenau kitchen with Italian carpentry. Six en-suite bedrooms are distributed across the house, along with a large office that can be adapted as a seventh bedroom.

On the lower floor, a second lounge with kitchenette, a cinema room, a fully equipped gym with steam room and shower, and a laundry area extend the living spaces. Bathrooms feature Gessi taps and Italian grand-format porcelain tiles. A landscaped plot frames the heated saltwater pool and the terraces designed for outdoor living. The property includes a three-car garage and additional driveway parking. Spacious, private, and designed for family living.
