Property Description

A 2-bedroom, 2-bathroom apartment located in the heart of Reserva del Higuerón.

It is ideally situated between the Costa del Sol's most popular cities: Málaga, the capital, and Marbella, an international benchmark for luxury. Benefiting from an excellent transport network, it is just a 10-minute drive from Málaga International Airport.

The project is designed as a residential complex comprising 157 homes distributed across four blocks, offering 2- and 3-bedroom units. The first two blocks face east; together, they house 78 apartments, arranged to ensure unobstructed views.

The remaining two blocks are south-facing. From the carefully designed main entrance to the finest details of every individual space, the layout reveals the distinctive character that makes this a truly unique and exclusive development.

A defining feature of this project is its array of amenities. Scenic paths winding through green areas connect the various phases and expansive communal spaces. These shared facilities occupy an

entire floor of the first block, featuring a coworking area, Pilates studio, gym, sauna, Turkish bath, massage room, heated pool area, multi-purpose room, bar with an outdoor terrace, and a covered relaxation zone beside the main pool—which boasts a 110 m² water surface. A sun deck is located next to the main pool on a lower level, offering owners a perfect spot to enjoy the sun.
